Description of the activity:

Nestled in the peaceful village of Seadur, A Rectoral de Seadur is a charming countryside retreat where time slows down, and nature takes centre stage.

This experience is all about disconnecting, unwinding, and immersing yourself in the rich heritage and landscapes of Valdeorras.

Your journey begins at sunset with a warm welcome in our wine bar, where you'll sip local wines and taste artisanal cheeses and delicacies—setting the perfect tone for your stay.

The next day, you'll visit picturesque vineyards, uncovering the secrets of winemaking while savouring authentic flavours from the region.

As night falls, enjoy an intimate three-course dinner at Cova da Xabreira, a hidden gem full of charm and character.

Afternoons are yours to enjoy—relax in the Rectoral's cozy common areas, find a quiet spot with a book, or simply soak in the tranquillity of rural life.

On your final day, you'll set out on a scenic 3 km hike along the Ruta da Falcoeira, a peaceful trail where nature and history blend seamlessly, offering moments of serenity and connection with the land.

At A Rectoral de Seadur, every detail invites you to slow down, breathe deeply, and embrace every moment in peace.

Eco-Friendly practices:

- > Supporting local farmers and producers with kilometre-zero products.
- > Thoughtful, eco-conscious restoration of the Rectory.
- > Use of biodegradable and reusable cleaning products
- > Nature-first experiences: hiking and exploring with minimal environmental impact.
