Requirements
› Reservations must be made at least 10 days in advance.
› Check cancellation policies

Includes

> Guided tour of the vineyard and winery.
> Blind tasting of 3 wines.
> Ethical pairing with local products.

Experience Description

Discover the soul of Bodega Roandi through an immersive sensory experience that honors nature, tradition, and craftsmanship.

Your journey begins outdoors, where you'll learn about the history of the winery's founders, Rogelio and Divina, and explore the unique characteristics of the terroir and grape varieties.

Next, in a natural setting or the tasting room, you'll participate in a blindfolded wine tasting, allowing your senses to fully embrace the aroma, texture, and flavor without visual influence.

Elements collected during the vineyard tour will be incorporated to enhance your sensory experience.

The wines featured in the tasting include:

> *Alento* – Aged Godello from old vines.
> *Domus Castes Nobles Crianza* – Made from Sousón grapes.
> *Bancales* – A blend of 85% Mencía and 15% Sousón.

Or, if you prefer, it can be *Brinde*, a sparkling wine made from 100% Godello grapes.

Ethical Pairing: Flavors with a Conscience

To complement the tasting, you'll enjoy a carefully curated selection of cheeses, cured meats, and fresh fruits from small local producers. This mindful pairing encourages responsible consumption while ensuring the perfect harmony between flavors and wines.

The experience concludes in the showroom, where you'll have the opportunity to explore and purchase Roandi's exceptional wines.

Eco-friendly Practices

> Supporting small local producers.
> Promoting the circular economy.
> No plastic or non-recyclable materials used during the experience.
