> The castle has a floor that is wheelchair accessible.
> The Sanctuary has a ramp to access the interior of the building.

Inclúe

> Official guide certified by Xunta de Galicia
> Informative written materials
> Photo souvenir.

Experience Description

Embark on a historical journey through the cultural "diamonds" of the municipality of O Bolo, in the heart of Valdeorras. Led by an expert in Cultural Heritage (BIC), this exclusive experience will take you to explore three heritage gems that reflect the identity and historical wealth of the region for free.

The adventure begins at the Yosso Museum, a space that preserves the work and legacy of José Porto García, a unique local artist who expertly captured the essence of the region, showcasing its landscape, traditions, and spirit. Here, you will learn intimate details of his life and work, which have left a profound mark on local culture.

Next, we will head to O Bolo Castle, an imposing witness to Galicia's medieval history. Rebuilt in the 14th and 15th centuries as a defensive fortress, the castle was key to protecting this area of Valdeorras and controlling trade routes. Although today remnants of its original structure remain, such as the keep and part of its walls, its charm lies in the atmosphere that evokes life from that era. The views from the castle are unparalleled, offering a panoramic sight of mountains and valleys that will transport you to another time.

The tour culminates at the Sanctuary of As Ermidas, a sacred place that combines spirituality, art, and nature in perfect harmony. Located in a picturesque valley, this sanctuary is known as Galicia's "baroque pearl." Built in the 17th century, it is famous for its impressive façade and its unique setting, inviting contemplation.

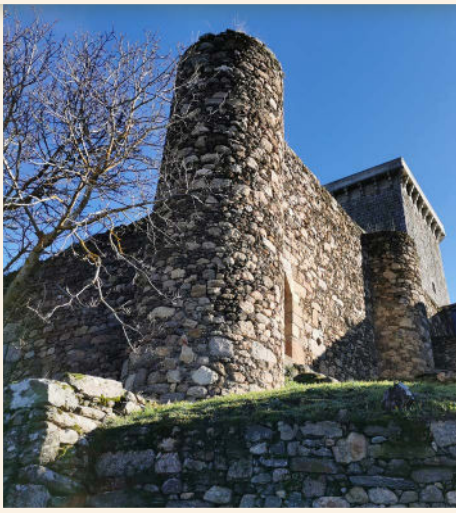

As a final touch, and to make this experience even more memorable, we will gift you a photo at the end of each visit.

Eco-sustainable practices

> Promotion of heritage conservation and natural surroundings.
> Encouraging the use of recycling points during the route.
> Incorporation of the promotion of local and sustainable products.
