Local Delicacies

There are 3 categories: basket with typical Valdeorras products (meat-based), vegan basket, and family basket. When booking the activity on the [Cova da Xabreira website](#), you will be able to choose from these 3 menu options, which may vary depending on availability or the season.

Activity description

Step back in time and discover the tradition of **A Carabela**, a local Valdeorras term that refers to the small meals people used to bring when working in the fields, fishing, or enjoying a countryside festival.

In this experience, we invite you to revive that tradition while immersing yourself in the stunning landscapes of Seadur.

Picture yourself enjoying a picnic among vineyards and beautifully restored covas (ancient wine cellars).

This is the perfect plan for those who want to slow down and savor good food in a relaxed setting.

Cova da Xabreira provides a carefully prepared picnic basket so you can enjoy an unforgettable gastronomic experience in nature.

Eco-friendly Practices

- > Sustainable tableware – Reusable ceramic and glassware to minimize waste.
- > Support for local producers – Featuring local wines and fresh, seasonal ingredients.
- > Low-impact tourism – Encouraging walks through the vineyards and eco-friendly routes.
